

## Mrs. Vancie Patterson

As many of you know, "Miss" Vancie Patterson has been struggling and in and out of the hospital since May 2023.

To know Miss Vancie is to LOVE her. She is truly one of the sweetest, most selfless, caring people we have known. Miss Vancie has been teaching young people since she was put on this earth and continues to inspire us with her love of life and lately, her determination to get well.

If you have ever been affected by ICU care, hospital stays, doctor bills, and long term medical care, you know the burden it brings to the patient and their family.

Please help support Miss Vancie and the Patterson family in this fight with your prayers, donations, and purchase of raffle tickets.

*All proceeds will go to Miss Vancie to help with her medical expenses.*

You have the opportunity to win one of four prizes in this raffle.
