Citadel Ring Presentation

Scoville Reynolds, OPS Class of 2017, joins the thousands of alumni who proudly wear The Citadel ring. The seniors of the Class of 2021 were celebrated with a traditional Ring Presentation Ceremony at 5 p.m. on Friday, September 25, in McAlister Field House, attended by the South Carolina Corps of Cadets, Veteran, and Active Duty students. Attendance at the ceremony was restricted to only ring-eligible seniors due to the need for social distancing to reduce the spread of COVID-19, but the event included the same rich traditions that recipients anticipated for this important milestone. Scoville is currently a senior and is majoring in biology.

HUGH O'BRIAN YOUTH LEADERSHIP:

The State Leadership Seminar is designed to empower high school sophomores to recognize their leadership talents and apply them to become effective, ethical leaders in their home, school, and community. Orangeburg Prep elected Campbell Delaney and Corey Reynolds to attend a three day seminar in June 2021 to participate in hands-on leadership activities, meet leaders in the state, and explore leadership skills while learning how to lead others and make a positive impact in the community.

For Veteran's Day,

the seventh grade writing classes wrote letters of appreciation to the soldiers in Kuwait.

These classes also wrote Christmas cards to the soldiers to be part of a care package called Boodle Brigade sponsored by West Point Moms.

Seven OPS Faculty Members have been awarded \$500 (totaling \$3,800) for submitting their proposals to the Dick Horne Foundation. These grants are designed for educational purposes to promote and sponsor academic excellence through innovative instructional programs or creative classroom activities.

Lower Campus: Kathryn Creech, Debra Funderburk, Celeste Shelley, and Kathryn Weeks. Upper Campus: Barbara Askins, Shannon McAlister, and Joseph Pollock. We are extremely proud of each of you, and thank you for going above and beyond for your students and OPS! Congratulations for a job well done!

Lower School News

The 4K classes participated in collecting shoeboxes for Operation Christmas Child. They collected a total of 27 shoeboxes to show God's love for children all over the world! A HUGE Thank You for those that participated!

STEM

We have another new learning resource on the lower campus. Mrs. Creech was awarded a Dick Horne grant to fund her STEM "Evo"lution project. This will be a wonderful addition to the STEM curriculum. The project's purpose is to allow students on lower campus the opportunity for the hands-on, minds-on approach to learning. Lessons with Evo coding robots will allow students to engage in science in ways that are similar to those used by scientists and engineers. Students will be coding their robots to do things like snow ski or sled, travel a maze, cross a bridge, go on an egg hunt, and hike through a forest.

QUIZ BOWL

On Thursday, October 20, The OPS High School Quiz Bowl Team competed virtually against Cardinal Newman. Questions ranged from math computation and music composition to science and current events. We came up just a few points shy, but the team represented OPS very well. Pictured right (left to right) are Peyton Inabinet, Sam Brenn, Brady Cridder, and Jace Hiers.

On Monday, October 26, Orangeburg Prep's Middle School Team competed against Augusta Christian, Patrick Henry, and St. Anthony Catholic School. While our team didn't bring home the Regional Title, we did our best and had a great time! Pictured bottom right (left to right) are Adi St. John, John Inabinet, Lily-Katherine Felkel, and Jack McConnell. Not pictured: Charlie McCutchen.

Honors Chemistry students Cade Wiles, Conner Brandon, Mikey Templeton, and Seth Robinson work diligently on their acid-base neutralization experiments. After preparing base solutions, they titrate an unknown concentration of acid using various chemical indicators. Then — off to the math as they apply stoichiometry to calculate the Molarity of their acid solution. Awesome job, guys!
