## TRIP DETAILS CONTINUED

**Health and Safety:** With the ongoing Covid-19 pandemic, it is our top priority to ensure our passengers are in a safe environment when traveling aboard our coaches. We have implemented a rigorous cleaning and disinfection procedure for all our vehicles. Our drivers and guides will be disinfecting surfaces with wipes and sprays while on your trip. Passengers will need to adhere to wear a face mask when required on this tour.

**Sick or Injured on a Trip:** Kelly Tours has a plan of action should a traveler become sick or injured on a tour. In case of serious injury or a medical emergency we will call 911. For minor cuts and bruises, each motorcoach is equipped with a first aid kit. For each tour, the nearest medical facility to attractions and destinations will be noted on the tour director's paperwork and transportation will be provided to these facilities if needed. Each school will have a designated chaperone that will remain with any student that is not able to continue a tour or needs to be quarantined from other members of the group due to illness. Constant communication with parents will be provided along with a plan for that traveler to be picked up by the parent.

**What to Bring:** Use the following list to help make smart packing decisions as you prepare to travel on your educational field trip. The items listed are only suggestions and all may not apply to you. Remember not to over pack and have fun, your adventure is almost here!
