

AP Biology Summer Reading 2020

Choose one of the following books. Read it and type a 3 page, double spaced review on the book you read. Use Times New Roman 12 point font. The review must include a thorough summary and a detailed personal commentary/reaction to the book. Please type the summary and personal reflection in separate sections of your paper. Reviews must be submitted on the first day of school. Books can be checked out at the public library or purchased for around \$10.00 on Amazon.

Origin of the Species (1859 or any version) by Charles Darwin

Your Inner Fish: A Journey into the 3.5-Billion-Year History of the Human Body by Neil Shubin

On Aggression by Konrad Lorenz
